VOL. XXVI, NO. 38

GAINESVILLE, FLORIDA, TUESDAY, MARCH 23, 1909

TEN CENTS A WEEK

CIRCUIT COURT NOW IN SPECIAL SESSION

Duncan Jordan Pleads Not Guilty to Indictment for Murder of George Bryant.

The circuit court convened in special session Monday morning at 9 o'clock, Judge Wills, State Attorney Rivers and Sheriff Ramsey in their respective places.

This was Sheriff Ramsey's first term, and he entered upon his official duties as if he had been in harness a number of years.

The names of the jurors were called and the following responded: R. J. Hadcock, W. H. Ellis, J. B. Clemmons, M. Crows, J. B. Sheppard, J. L. Slocum, E. Lee Hughes, H. J. McCollum, John Acree, S. B. Gaskins, J. A. Durrance, L. B. Rawls, C. C. Voyle, John M. Flewellen, C. D. Wood, E. A. Flowers, J. C. Blitch, Joseph Malphurs, Geo. E. Pickett, Wallace Prescott, R. H. Jones, C. B. Fontane, L. J. Burkham, A. S. Reeburg, R. F. Pridgeon, M. L. McCombs, C. W. Colson, R. W. Higdon, James Collins, F. D. Peterson, Sandy Graham, J. H. Osteen, M. Baldwin. The sheriff reported that R. C. Evans, Hardy Chesser and B. T. Burnett were not to be found in the county.

The jurors were then sworn and the usual questions propounded by the judge, when the following were excused for various causes: J. R. Clemmons, E. Lee Hughes, H. J. McCollum, S. B. Gaskins, C. C. Voyle, C. D. Wood, E. A. Flowers, C. B. Fontane, R. W. Higdon, F. D. Peterson, Sandy Graham.

The following were drawn as the grand jury: John McElroy Flewellen, George E. Pickett, J. L. Slocum, J. A. Durrance, R. J. Hadcock, R. F. Pridgeon, J. C. Blitch, James Collins, W. H. Ellis, J. S. Reeburg, Wallace Prescott, L. B. Rawls, John Acree, J. E. Sheppard, J. H. Osteen, M. L. McCombs, M. Baldwin, R. H. Jones.

After being duly sworn they retired and selected John McElroy Flewellen foreman, whereupon Judge Wills delivered his charge to them and they retired to the room to begin their labors.

A special venire of ten persons to serve as petit jurors was ordered summoned from the body of the county at large.

Grand Jury Does Quick Work.

The grand jury came into court and reported the following true bills: John Malone, George Jones, Henry Swanson, breaking and entering H. McL. Grady's store at High Springs; Duncan Jordan, for the murder of

George Bryant at High Springs; Charley Trapp, murder of James Stradford at Jonesville; John Collier, assault with intent to murder P. S. Gilmer. All the defendants are now in jail.

Court then adjourned until 2 o'clock p. m.

Afternoon Session.

Court reconvened promptly at 2 o'clock, when Sheriff Ramsey made return of the ten special veniremen as follows: S. B. Cheeves, W. D. Fagan, A. Wenske, J. B. Dell, W. O. Tison, D. A. Robertson, Geo. R. Ellis, T. B. Stringfellow, W. L. Hill. Messrs. Ellis and Stringfellow were excused, and J. M. Patterson and J. W. Tench were summoned, the other two members of the petit jury being L. J. Burkham and Joseph Malphurs.

John Malone, George Jones and Henry Swanson, all colored, were arraigned on the charge of breaking and entering the store of H. McL. Grady at High Springs and stealing goods therefrom to the value of over \$20, and plead guilty to the charge as indicted.

John Collier, colored, plead not guilty to the charge of assault with intent to murder.

Charley Trapp, colored, plead not guilty to the indictment of murder.

Duncan Jordan also plead not guilty to the charge of murder.

Tom Douglass, colored, charged with the murder of Tom Gaskins at Orange Heights, plead not guilty, and also entered the same plea to the charge of assault with the intent to murder Dufney Gaskins.

Judge Syd L. Carter was sworn in as assistant State attorney.

The court ordered a special venire of 75 names drawn from the box, returnable at 2 o'clock Wednesday afternoon, from which to select a jury to try Kelley the white man charged with the murder of Special Officer Sellers at High Springs about three years ago. Col. J. N. Stripling, Judge Syd L. Carter and B. A. Thrasher are representing the defendant, while State Attorney Rivers will represent the State.

It is probable that the Bexley-Osteen case will go to trial on Wednesday of next week.

Starling Means, colored, plead not guilty to the murder of Frank Galoway.

Court adjourned until 9 o'clock Tuesday morning.

MICANOPY ITEMS.

MICANOPY, March 22.—W. R. Abstein is building a nice cottage on the lot he recently purchased.

The home-place of the late Rev. J. C. Ley has been repaired and repainted, which adds greatly to the comfort and appearance of the place. W. S. Williams is occupying the residence.

Mrs. Susie Emerson is visiting her son, Lucius, in St. Augustine for a few days.

W. G. English of Flewellen was in town yesterday. He is one of our best truck farmers.

Dan Grace of Evinston was in town yesterday.

Arnold and Coleman, the liverymen, have dissolved copartnership. Arnold retires, while Coleman will continue business at the same stand.

Miss Lorna McCredie entertained her friends Friday evening. As usual they report having had a nice time.

Miss Littlepage, the first assistant of the high school here, has been forced to resign on account of nervous prostration and will go to Virginia. Her friends hope that she will soon regain her wonted health. She will be succeeded by Miss Fogg.

J. L. Ford, wife and daughter left for their home in Lynchburg, Va., yesterday after having spent the winter here. Mrs. Ford is the daughter of our fellow-townsmen, Judge George Dillard.

W. D. Mathews of Flemington was transacting business here Saturday.

Cabbage is readily selling for from \$1.30 to \$1.50 per crate f. o. b. The farmers that have cabbage will soon be independent. With cabbage, lettuce, beans and cukes to market we may reasonably expect the farmers to get some money ahead. The past two years have not been successful ones financially, generally speaking. We hope this one will be a good one all the way through.

We are sorry to note the death of Mr. C. W. Chase. We hope someone will carry through his paper mill project. While Mr. Chase made money for himself, he was not selfish. He was desirous of helping his fellowman, and especially Gainesville and Alachua county. He will be missed.

Mrs. J. A. Edwards is visiting her son, D. G. Edwards, in Gainesville.

Ben Thrower and wife passed through town yesterday en route to Gainesville in his automobile. Ask Mr. Thrower whether he is in favor of good roads or not—especially whether he favors a few stumps along the public highway?

We hope someone will introduce a bill in the next Legislature that will prevent the sale of stock in fake companies. Make it a heavy fine to offer for sale stocks of any kind that do not have the approval of some State official—say the Comptroller.

BONNIE MELROSE.

MELROSE, March 22.—Mr. and Mrs. Ross Norton, having surprised their friends by their recent marriage, were treated in return to a surprise last Friday night. Some thirty friends of the young couple assembled in Miss Lenna Jackson's parlor, everyone bringing some useful present to start housekeeping with. When everything was ready Miss Jackson went across to the brown cottage and asked Mr. and Mrs. Norton, under some pretext, to come over for a few minutes. This they did willingly, and they were met by Rev. Barr, who in a few words told them now was the time for retaliation in the surprise line. At the last word the drawn portieres in the parlor were flung back, all rushed in and for a few minutes bundles of all sizes flew through the air towards the astonished couple. It was certainly a surprise to them. The rest of the evening was pleasantly spent in games, etc.

The new shaft of the "Santa Fe" has arrived and is being fitted, and the boat will soon relieve the "Lennema" on the trip to Waldo.

A. A. McRae is still on the sick list, much to the regret of his friends. Clarence Mann is also laid up with a sprained ankle.

KIDNAPPERS LEAVE RANSOM UNTOUCHED

Watching Policemen Balk Father's Sacrifice in His Effort to Rescue His Son.

CLEVELAND, O., March 22.—After failing in an attempt to negotiate a settlement for the return of his kidnapped son, Willie, in a park at Ashtabula, J. P. Whitla has returned to his home in Sharon.

Whitla was instructed in a letter from the kidnappers to leave \$10,000 in Flatiron Park Saturday night. If no detectives were about, the kidnappers promised they would deliver the boy safely to the father in a hotel at Ashtabula at 3 o'clock yesterday morning. Whitla deposited the money as requested, but the Ashtabula police learned of the plans to pay the ransom and went to the park. The kidnappers are supposed to have seen them, for at 3 o'clock the money was intact and not a man had approached the spot.

Whitla believes that the failure to effect a settlement with him Saturday night will frighten the kidnappers and they will not communicate with him again.

Left Big Package of Bills.

The police of Ashtabula are unwilling to believe that the kidnappers have left that section of the country. The letter from the captors of Willie Whitla came to the boy's parents in Sharon Friday afternoon.

Upon receipt of the letter, Whitla called in private detectives and asked their advice. They were anxious to capture the kidnappers and pleaded with him to permit them to place a decoy package of bills at the designated spot and let officers lie in wait and capture the men who came after the money.

Whitla would not agree to this. He

finally consented to permit the detectives to accompany him to this city and await his summons to start a search for the kidnappers.

Promptly at 10 o'clock Whitla left the package of bills in the park. He went to the designated spot alone, feeling certain that his compliance with the request of the kidnappers would prove the means of delivering his boy back to him.

Policemen Queer the Plan.

Three policemen, who had been sent out from the Ashtabula central station, saw Whitla leave the money in the park. They apprised Chief Laskey of their discovery and received instructions to remain on duty and capture the kidnappers should they appear.

In the meantime Whitla returned to the city and communicated with his detectives in Cleveland. They advised him not to go to the hotel for his boy a minute before the time set.

After five hours of anxious waiting Whitla started after his boy. As he was on his way, a policeman informed him that three officers had been on guard at the park and no one had called for the money.

Whitla was overcome when this news was broken to him. He went to the park and found his package of money undisturbed.

A detachment of detectives was sent out from Cleveland as soon as it was learned that the Ashtabula police were working on the case.

Whitla returned to Cleveland and after a conference with Detective Perkins the return trip to Sharon was made.

Local Contractors Are to Share in Building

W. W. King, president of the King Lumber Company, has arrived from his home at Charlottesville, Va., and is now making the necessary preliminaries preparatory to starting work on the new Government building.

He was occupied all of Monday in looking at the different materials to be found here, and where possible will sub-let contracts for certain parts of this work. He wants to purchase all of his brick, sand, lime and rock here from the local dealers, and it is highly probable that satisfactory prices will be made.

In speaking of the building he stated that the actual work of excavation would commence by Wednesday or Thursday, but this will be mainly for the purpose of better understanding just what he will have to do in making room for the basement.

So far the only orders that have been placed are for the cement and steel work, and this part of the contract is being worked upon.

To commence with, only about fifteen hands will be employed, but within the next thirty days a force of from forty to fifty men will be at work on the building, for about this time the sand, stone, steel and other material will commence arriving and this section of the city will present a busy scene.

Mr. John Young, the superintendent of construction for the Ocala building, will also have charge of this building. He will retain his office at Ocala but will visit Gainesville every week to

look after the work and material being used.

Mr. King is very favorably impressed with Gainesville. He has visited many sections of the city to look at the different materials to be found here for building. He speaks in the highest praise of the shade trees and the wide streets, and while we have received a very large appropriation for a town of our size, he now feels that our Representative in Congress knew what he was about when he asked for it, and considers that such a fast-growing city is deserving of the high-class building we are to have. There are few, if any, of the cities with a like population that have received what we have, and we should feel happy over the result of the work accomplished by our Representatives in Congress.

Mr. Young will at once visit the city and see that the work and material are all up to the requirements of the Government and it is hoped to have the building completed within the required time, which will be about fourteen months.

From here Mr. King will go to Selma, Ala., where his company have another like contract now well under way, but before his departure he will make all necessary preparations for the building and will place bustling men in charge of the work to complete it as fast as possible.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination.

SPURIOUS "COIN" IS IN CIRCULATION

DIMES AND QUARTERS IN PRO-
FUSION IN BUSINESS CIRCLES.

Requires Close Inspection to Dis-
tinguish Them from the Genuine
Article—Lookout for Them.

For the past several days a great many lead dimes and quarters have been making their appearance in Gainesville and several of the merchants have been "stuck" on the spurious coin.

The imitations are very good and can scarcely be detected, except in the ring, and it would be advisable at this time for all to notice money well, especially in these denominations.

Specimens showed the reporter were rather old and dark-looking and

bore the date of 1881. The fact that they are so old makes it easier for their passage.

It is supposed that this is part of the money recently unearthed from the Newberry section that is now finding its way here, but it would be better that all take notice of the coins of the above denominations and try and get them out of circulation.

Calf on Pilot.

The south-bound passenger train of the Seaboard had a real live calf as passenger on its pilot Sunday evening. When the train arrived many were surprised to see the young animal, apparently uninjured, laying up against the head of the boiler, and as the train slowed up it raised its head and took in the surroundings. After the animal was removed it was found that the front leg was broken, but otherwise was uninjured, and Agent Bullard gave it to a party to raise. It was picked up at the 94-mile post, near Hatchet creek.

Isn't there something which only a want ad. can do for you today?

SUN PIANO CONTEST GROWS INTERESTING

DORIAN ELLIS HAS OVER MILLION AND A HALF VOTES.

Bessie Dupree Continues to Make Contest Interesting for Latter.
All Working Hard.

Outside of the two leaders a very small vote was polled in the piano contest yesterday. Miss Dorian Ellis now leads by 62,975 votes.

Following is the vote:

Miss Dorian Ellis, city.....	1,508,170
Miss Bessie Dupree, city.....	1,445,195
Miss Catherine Halle, city.....	1,206,755
Miss Florrie Strickland.....	583,625
Miss M. Daughtrey, city.....	242,345
Miss Mary McCormick, city.....	86,070
Miss Alma Fennell, city.....	76,550
Miss Nannie Dickinson, city.....	74,990
Miss Mabel Sanchez, city.....	61,620
Miss Julia Carter, city.....	57,460
Miss A. Groff, Newberry.....	39,060
Miss Estelle Beal, city.....	31,620
Miss Jessie Evans, city.....	31,420
Miss A. Strickland, Waldo.....	28,525
Miss Emma Hudson, city.....	26,210
Miss Annie Beville.....	21,650
Miss Elvena Staf, Waldo.....	16,420
Mrs. I. Ware, High Springs.....	15,250
Miss Goldie Lambert, city.....	6,290
Miss Lizzie Sheppard, Bell.....	6,005
Miss K. Carlton, Micanopy.....	5,590
Mrs. A. W. Sargent.....	4,430
Miss M. Fernandez, city.....	4,265
Miss Mary Thigpin, city.....	3,850
Miss L. Sanders, Hawthorn.....	3,650
Miss Ruby Albright.....	3,100

For COLDS and GRIP.

Hicks' CAPUDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c, 25c and 50c at drug stores.

One who lives in a furnished room can be pretty "independent"—for the eds. keep the best to be had within his reach.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

AMUSEMENTS

A Splendid Show.

"The Missouri Girl" held the boards at the opera house Wednesday night, and was greeted by a large crowd. It proved to be a most amusing musical comedy, and delighted everyone—in fact it is the best that has visited Sanford this season. Should they return, the opera house will not accommodate all those who will want to see "The Missouri Girl." "Daisy Grubb," the girl, and "Zeke Dobson," the farm hand, were the comedians who kept the house in an uproar throughout.—Sanford Herald, 20th.

The above attraction is booked for the Baird Theatre tomorrow night. Prices, 25, 50 and 75 cents. Seats on sale at Miller's.

Young People Picnic.

A jolly crowd of girls and boys chaperoned by Mrs. Geo. Brumley, picnicked at the Devil's Mill Hopper Saturday.

The girls furnished a delicious lunch which was enjoyed by all. On account of illness Mozell Burkheim was prevented from going, much to the regret of all present. The following composed the jolly party: Eva Futch, Elizabeth Taylor, Julia Patton, Lillian Clarke, Emma Lee Hudson, Margaret and Sarah Walker, Margery Cannon, Otella Medlin, Edwin Hampton, Finley Cannon, Reed Alton, Haisley Lynch, Park Hay and Mrs. Geo. Brumley. Through the courtesy of Mr. E. E. Cannon, who furnished the team, and the faithfulness of the driver, John Thomas, all returned safely home after having had a delightful time.

The Twentieth Century Club.

The Twentieth Century Club was entertained by Mesdames Foster and Tosen, at the home of the former, Monday afternoon, March 15th. Mrs. W. L. Hill being leader for the afternoon.

After the business session the following program was carried out: Biographies of Heine and Timrod were read by Mesdames W. B. Taylor and J. W. Tench; music by Mrs. Yocum; reading from Heine by Mrs. Gross; music by Mrs. T. B. Stringfellow; reading, "The Cotton Boll," Mrs. Jack Denby; vocal solo, by Mrs. Molnar.

Delicious ice cream and cake were served by the hostesses after which the club adjourned to meet with Mrs. W. B. Taylor on Monday afternoon, March 29th, at 3 o'clock.

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by W. M. Johnson.

Arrested for Trespass.

Deputy Sheriff Bruton yesterday brought here and placed in jail W. E. Hall, a negro who was wanted for trespass. He had leased some land for a term of four years and wanted to take charge, whereupon the party to whom he leased the land objected and had him arrested.

Sun "Want" ads. bring results.

REMAINS OF MR. CHASE.

Services to Be Held from Home at 2 O'clock This Afternoon.

The special train over the A. C. L. from Jacksonville bearing the remains of the late Chas. W. Chase arrived last night at 8 o'clock and the remains were met at the depot by a large crowd of sympathizers, including many ladies.

In the party on the special were Mrs. Chase, B. F. Williamson, Mr. and Mrs. F. H. Chase of Chicago, who were met in Jacksonville by Mrs. W. S. Prindle and C. D. Dennis. The party left New York City on Sunday night and arrived in Jacksonville yesterday afternoon, the special being made up and ready for them at the Union depot, and they left that city at 5 o'clock yesterday evening.

The funeral services will be held at the home today at 2 o'clock, and the remains laid to rest in the vault the deceased had constructed long before his death, just west of Evergreen Cemetery.

The funeral will be conducted by Revs. F. R. Bridges and F. H. Craighill, the services being public to all that desire to attend.

Dr. T. F. Thomas and R. McClellan have charge of the remains and last night placed them in the home of the deceased.

The following gentlemen have been requested to act as pall-bearers: W. R. Thomas, B. F. Williamson, E. E. Cannon, W. B. Taylor, Col. I. E. Webster, C. D. Dennis and B. F. Hampton, with the following as honorary pall-bearers: Col. H. F. Dutton, Byron Barnett of Jacksonville, Capt. John Inglis of Dunnellon, Capt. W. B. Denham of Tampa, Col. J. G. Nichols and N. G. Wade.

Particulars regarding the death of Mr. Chase were that he expired from heart failure, as he lived only a few minutes after a physician was called. He and his wife had just arrived at the Manhattan Hotel in New York City in the morning, and about the noon hour Mrs. Chase went out on a little visit but was to return in a short while, as they had an engagement with an oculist. She returned several minutes before the appointed hour and found Mr. Chase sitting in his chair in a rather dazed condition, as if her appearing had suddenly aroused him. She at once called to some ladies and among the number one summoned a physician, but he never recognized anyone or anything, and expired within a short while after her arrival, having had a severe convulsion, and she is of the opinion that he had been previously stricken to some extent before her return.

Mrs. Chase at once notified his brother in Chicago and he and his wife reached New York a short while following his death, but it was not until Saturday night that Mr. Williamson reached there.

The Dutton Bank, the Gainesville Furniture Company and a number of other business houses have signified their intention of closing during the ceremony, and it would be a just tribute for every business house of the city to close its doors today during the services.

Services at Baptist Church Tonight.

Dr. J. F. Henderson, president of the Layman's Movement, will speak upon that important question at the First Baptist church tonight at 7:30. This is one of the treats of the season and everyone should avail themselves of the opportunity of hearing him. Dr. Henderson is president of Virginia Institute, Bristol, Va., an educator of note, and a fine speaker. He is not a preacher, but a layman trying to help laymen. This is a new sectarian. Everyone cordially invited.

The Secret of Prize Winning Pastry.

Fourteen prizes (nearly all of them firsts) out of fifteen entries of cakes and fine pastry is a record that any woman might envy. This was the showing made recently by Mrs. J. H. Chastain, 299 S. Boulevard, Atlanta, Ga., at the Georgia State Fair. Her explanation of her success is decidedly interesting; she writes—

"I entered nine cakes and six pies at the Georgia State Fair, Atlanta, Ga.—won eight first premiums on cake, three first premiums and two seconds on pies, also first premium on general display. I attribute my success in cake making altogether to using COTTOLENE and not butter."

Mrs. Chastain is the wife of the Master Mechanic of the Western & Atlantic R. R., and enjoys a high local reputation for her fine cooking. Not only does she use COTTOLENE in making cakes or crusts, and other pastry; but for frying chicken, fish, etc., she finds it unequalled. For over nine years she has not had a pound of lard in her house, using COTTOLENE exclusively.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious Blood Poison. This claim is not based on the treatment of a few cases of the disease, here and there, but its success extends over a period of more than forty years, during which time thousands upon thousands have found a cure by the use of this great vegetable remedy. S. S. S. is first of all, an absolutely perfect blood purifier, able to go down into the blood and remove every particle of the virus of Contagious Blood Poison. It cleanses and purifies the circulation, and in this way removes the cause of the trouble. Then nature, assisted by a rich, healthy blood supply, quickly renovates and renews the system, while the symptoms of ulcerated mouth and throat, skin eruptions, discolored spots, falling hair, sores and ulcers, etc., disappear, leaving the body entirely free from the effects of this insidious poison. When S. S. S. has thoroughly cleansed and purified the circulation there is no danger of any future outbreak—the blood is pure and the cause of the disease entirely removed. Home Treatment Book containing many valuable and helpful suggestions for those who are curing themselves with S. S. S., and any medical advice desired sent free to all who write.

MISSION SCHOOL IS DOING GOOD WORK

WILL ADD INDUSTRIAL DEPARTMENT UNDER MISS KENDRICK.

Principal is Laboring Faithfully for the Uplifting of the Colored Pupils Under His Care.

Editor Sun: We beg space in the columns of your estimable paper to call attention to the Parochial School of St. Augustine Episcopal Mission in this city and the successful work it is accomplishing for the promotion of good citizenship.

This school commenced its work about twelve years ago with fifteen pupils, and by the faithful and untiring efforts of its teachers has sustained a continual and substantial growth, and now has an enrollment of more than one hundred pupils, and a very good daily average attendance.

The aim and object of the school work is to give to the pupils careful and judicious training, to foster and develop moral and Christian character, as well as to instruct in the school text-books.

In addition to this beneficial work the church and school are moulding the lives of the colored children of this community for good and worthy citizens, lifting them to higher places of living and usefulness.

Last Wednesday, after we supplied one of the recitation rooms with the necessary fixtures, twenty-three girls of the school were organized into a sewing class, and as soon as we can annex and supply a small room with utensils to the chapel, the girls will be installed in the elementary principles of arts of both sewing and cooking.

This instruction will be given by Miss Ella Kendrick, our assistant teacher, who, after having finished her preparatory education, took a three-years' course in the Normal and Industrial College at Tallahassee.

As we see it, this is the most essential plan that can be adopted to help the boys and girls of the race. Teach them how to do things as well.

To put into successful operation this work for the betterment of those who should perform well their duties as citizens, we beg the kind and charitable recognition and co-operation of every lover of humanity and good citizenship.

J. SPEIGHT,
Principal.

Notice of Receiving Bids for Paving.

Notice is hereby given that on April 8th, 1909, sealed bids will be received by the Board of Public Works of the City of Gainesville, Florida, for the furnishing of the material and laying of paving, to be constructed of asphalt brick, along the block on East Main street lying between Liberty street and the north side of Mechanic street. Also for the furnishing of material and laying of two hundred and thirteen (213) lineal feet of granite curbing, and the laying and constructing of five hundred and thirty (530) feet of granolithic curbing along said block.

Specifications and details will be furnished upon application.

At Gainesville, Florida, March 22nd, 1909.
W. W. HAMPTON,
Secretary of Board of Public Works.

Only Sixteen Issued.

Some months since the City Council passed an ordinance compelling all parties that had repairs made or intended building homes to first obtain a permit from the building committee of the council. Upon investigation it was learned that up to the present time there have been only sixteen permits issued, and we know of many more contracts than this that have been let. If it is a law, why is it not enforced? We would be pleased to publish the list every day if it is complied with.

Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Balm cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Sold by W. M. Johnson.

GERMS IN HER SYSTEM

Every Woman Should Read This.

The number of diseases peculiar to woman is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of the catarrhal germs in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give entire satisfaction or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to cure catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh is caused by a germ. That germ is carried by the blood to the innermost part of the system until the mucous membrane is broken, irritation and inflammation produced, and a flow of mucous results, and you can probably realize how silly it is to attempt to cure such an ailment unless you take a medicine that follows the same course as the germ or parasite.

Rexall Muc-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made his specialty catarrh, and with this medicine he averaged 98 per cent of cures where it was employed. No other remedy is so properly designed for the ailments of woman. It will purify and enrich the blood, stop mucous discharge, destroy all germ matter, remove all impurities from the system, soothe, heal and strengthen the mucous tissues, and bring about a good feeling of health and strength.

We want you to try Rexall Muc-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Rexall Muc-Tone comes in two sizes, 50c and \$1.00. J. W. McCollum & Co., corner East Main and Union streets.

IT PAYS TO ADVERTISE.

(Chicago Record-Herald.)

When the dimpled baby's hungry, what does the baby do?

It doesn't lie serenely and merely sweetly coo;

The hungry baby bellows with all its little might

Till someone gives it something to curb its appetite;

The infant with the bottle which stills its fretful cries

A lesson plainly teaches—it pays to advertise.

The lamb lost on the hillside, when darkness closes round,

Stands not in silence trembling and waiting to be found;

Its plaintive bleating echoes across the vales and meads,

Until the shepherd hears it, and, hearing, kindly heeds,

And when its fears are ended, as on his breast it lies,

The lamb has made this patent: It pays to advertise.

Lovers

Of good health should prevent sickness instead of letting themselves get sick and then try to cure it. So long as you keep your liver, bowels and stomach in a healthy and active condition you won't get sick. Ballard's Herbine relieves constipation, inactive liver and all stomach and bowel troubles. Sold by W. M. Johnson.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

All Run Down? Pale? Nervous?

All run down, easily tired, thin, pale, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong alternative, an aid to digestion. Let your doctor decide.

NEWS OF CITY AND COUNTY CONDENSED

H. O. McArthur, of the Coast Line, returned yesterday from a business visit to Jacksonville.

C. B. Martin of High Springs is here attending court. He is now engaged in the butcher business.

Col F. Y. Smith of Alachua, the attorney of that flourishing town, was transacting business in the city yesterday.

J. M. Smith of Waycross, D. H. Knighton of Palatka and J. H. Field of Sanford are among the large number of witnesses summoned here to attend court.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

Attention is directed to the change of advertisement of the Dutton Bank. They announce the opening of their new savings department, receiving sums of \$1 and up and allow interest at the rate of 4 per cent.

C. D. Wood of Archer was among the visitors here yesterday. He states that he has about finished moving into his new building, which is located near the depot. He was formerly associated with R. B. Hodgson, but they dissolved by mutual consent and divided the stock.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over \$600,000 to over \$1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.
W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,
B. R. COLSON.

A Hard One.

The schooner Cleopatra, which has not been heard from since the latter part of January, has been located ashore at St. George's Island. The bodies of the captain and members of the crew were found on the beach of Hurricane Island.

According to the latest Government reports thirty-nine national banks in Florida had resources of \$35,722,676; loans and discounts of \$19,094,911; individual deposits of nearly twenty million dollars and a legal reserve of nearly eighteen per cent. An excel-

BAD STOMACH

Many in Gainesville Are Being Thoroughly Purified by Mi-o-na, the Guaranteed Cure for Indigestion.

People of Gainesville who suffer from dyspepsia and other stomach troubles are getting tired of taking preparations containing pepsin, because pepsin simply digests the food artificially. Pepsin relieves, it never cures.

And remember, pepsin only digests animal food; it has no effect on starchy food, such as potatoes, rice, bread, etc.

Mi-o-na cleans and purifies the stomach and bowels, and tones up and puts energy into the stomach walls, so that they properly mix the food with the natural digestive juices of the stomach.

Mi-o-na tablets quickly arouse the stomach from its inaction, and in a few days it is able to do its work easily and without exertion. There will be no more sour stomach, fermentation of food, dizziness, sick headache, belching of gas, or foul breath.

Mi-o-na only costs 50 cents a large box, and is guaranteed by J. W. McCollum & Co. to cure dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money back.

HYOMEI

(PRONOUNCED HIGH-O-ME)

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by J. W. McCollum & Co.

A BAPTIST ELDER

Restored to Health by Vinol

"I was run down and weak from indigestion and general debility, also suffered from vertigo. I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying. After taking two bottles I regained my strength and am now feeling unusually well." Henry Cunningham, Elder Baptist Church, Kingston, N. C.

Vinol is not a patent medicine—but a preparation composed of the medicinal elements of cods' livers, combined with a tonic iron and wine. Vinol creates a hearty appetite, tones up the organs of digestion and makes rich, red blood. In this natural manner, Vinol creates strength for the run-down, over-worked and debilitated, and for delicate children and old people. For chronic coughs, colds and bronchitis Vinol is unexcelled.

All such persons in this vicinity are asked to try Vinol on our offer to refund their money if it fails to give satisfaction.

W. M. JOHNSON, Druggist, Gainesville.

lent showing in these hard times.—Tallahassee True Democrat.

Pleading guilty to the charge of breaking and robbing the postoffice at Daytona on the night of February 10th, Andrew Foss, alias John Sampson, has been sentenced to serve five years at hard labor in the Federal penitentiary in Atlanta.

The Ocala Masonic Lodge at a special meeting one evening last week decided to erect a new Masonic hall and theatre combined. A committee was appointed to have the plans drawn, purchase lot and make all preliminary arrangements.

Bassillio Arrijo, the chef on the Peninsular and Occidental liner Olivette, died from the result of an unfortunate accident which befell him on an Atlantic Coast Line train in Tampa last Friday night. He was endeavoring to board the train when he lost his hold and fell between the cars, which crushed off both of his legs.

DON'T BE MISLED.

The retail druggists of this country, as a class, are noted for their high standard of intelligence and honorable dealing, but it is a well-known fact that occasionally you will find one who will try to sell you something else when you call for a remedy of established reputation. He forgets that your health is more important than his pocketbook.

For example, when you ask for Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy, don't let any druggist, drug clerk or storekeeper persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes more profit, but you are numbugged at the expense of your health.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root. From the very beginning, the proprietors had so much confidence in it that they invited everyone to send for a free sample bottle so that people could judge of its great curative value in even the most distressing cases of kidney, liver and bladder troubles.

On another page of this paper you will find a few of the letters, prompted by feelings of heartfelt gratitude, that are constantly coming to Dr. Kilmer & Company. No one can doubt such sincere and honest testimony.

Swamp-Root is prepared only by Dr. Kilmer & Co. Laboratories, Binghamton, N. Y.—Don't experiment—if you need a medicine you should have the best.

Herbert Spencer's Regret.

Mr. Tollemache in his reminiscences tells this story about Herbert Spencer: "Toward the close of his life Spencer frequented a boarding house, and, chancing to meet a lady who had often dined within earshot of him, I asked her if she could remember any wise sayings of his. After pondering for some time she answered: 'I can remember one of his remarks. He said that "making good melted butter is a lost art in England."'

A Swollen Jaw

Is not pretty nor pleasant. Whether it's caused by neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains. Sold by W. M. Johnson.

PRESIDENCY OF UNIVERSITY.

(Continued from Page Four.)

fifty years to reach an enrollment of one hundred and forty-three with a population nearly two and one-half times as great as ours. It took the University of Georgia eight years to reach an enrollment of ninety-three with a population nearly two and one-half times as great as ours. Washington and Lee University, an institution founded as Washington College in 1813 and with a previous history of over fifty years as Liberty Academy to build up a patronage, in 1898 only had ninety-seven young men college students, though Virginia had nearly three times the population of Florida. The University of Virginia struggled for fifty years before it reached an enrollment of one hundred and seventy-six young men college students. It took Princeton one hundred and twelve years to reach an enrollment of two hundred and eighty-one young men college students. Rollins College in the twenty-three years of its existence reached a total enrollment of young men college students of a like grade as those permitted at the University of twelve. Stetson University, with its magnificent buildings and large endowment, in the twenty-one years of its existence, from 1887 to 1908, reached a like enrollment of fifty-six. The West Florida Seminary, in the forty years of its existence, reached an enrollment of boy collegiate students of ten. The Florida Female College had in college classes last year fifty-six and thirty-four in the Sub-Freshman class. Of course, it is known that there is a normal school there and this accounts for the rest of the enrollment.

I have meant it to be understood in the above comparisons that I am speaking of boy college students of like grade at the University in the statement of attendance. At some of the institutions girls are also in attendance, but we are making the comparison of young men college students because there are only young men at the University.

I have tried to condense this statement, but I fear it is too lengthy. I am writing this upon my own personal responsibility and as a member of the Board of Control.

Yours very truly,

N. P. BRYAN.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to say upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE LIQUOR DISEASE.

The Keeley Institute at Jacksonville is doing a good work in curing persons addicted to the drink habit, as is attested by people in all walks of life, from young men to gray haired veterans, and deserves the encouragement of every citizen of the State who desires to see his or her friend or relative cured of the liquor habit—which is in many instances a disease. If you have a man in your employ who is really a valuable employee when free from the curse of liquor, but who is unable to resist his appetite for strong drink, do not throw the poor fellow "overboard," but give him an opportunity to go to this institute and be cured. If necessary, even go to the extent of assisting him financially to do so, and if he has pure red blood in his veins you will never regret it.

It is all well enough to say, "O, he could quit drinking if he wanted to," but we know of instances to the contrary, where men had exercised all power in them to cease the use of liquor, but found it impossible to do so, and who, as a last resort, "took the cure," and have since been the very best citizens. Two of the best men we ever had in our employ have been living examples to us of this, and many of our best friends are today living examples of it.

The W. C. T. U. of Chicago has sent many inebriates to Dwight, Ill., where the mother Keeley Institute is located, and we are informed that instances are very rare where their trust in the poor creature has been misplaced. In nearly every case the money advanced has been repaid and the patients have made good citizens.

Some of the wealthy men and women who are endowing different institutions could not put their money to better use than by creating a trust fund for the payment of treating inebriates of this class. It would do more to promote the cause of temperance than all the laws that could be passed, against the sale of liquor from now until doomsday.

A man who has realized the necessity of taking the Keeley treatment, and takes it, is like the one who has had his hand in the fire; he knows it will burn, and if he again partakes of strong drink he knows in advance what the result will be, and for those who again resort to the cup there is not much hope, but such cases are an exception.

The Keeley Institute at Jacksonville is now located in a nice home and is prepared to accommodate any number of patients. The editor recently called to see a friend who was taking the treatment there, and he found the Institute nicely furnished and most homelike. Dr. Jackson and his assistant, Dr. Betton, are pleasant, affable gentlemen, and the patients who had been inmates of the Institute for a week or more were all loud in their praise of the treatment. One of them informing us that he had gained eight pounds in ten days. He had only been there two weeks, and said he felt entirely cured, but proposed to take the entire four weeks' treatment. Only a few weeks prior we had seen him in a comatose state, a mere skeleton, with no appetite and a physical wreck. Others whom we know by reputation were also there as patients, and all of them said

they would not take anything for the good that had already been done them.

This article is not a paid advertisement, but is written with the hope that it will result in some poor fellow taking the treatment and being cured of the dreadful disease of drunkenness.

PRESIDENCY OF UNIVERSITY.

Jacksonville, Fla., March 20.—Editor Daily Sun: On March 6th there appeared in The Pensacola News an editorial entitled "A Heart to Heart Talk with the Board of Control." Again on March 10th appeared another editorial by the editor of The Pensacola News entitled "An Error Explained." Both of these editorials dealt with the question of the selection by the Board of Control of a president of the University for next year. The Daily Sun has reproduced the latter editorial, and also on the 14th reproduced in its columns an editorial from The Live Oak Democrat; and you have expressed it as your opinion that while the present president "is a fine gentleman and is universally esteemed for his noble traits of character," yet "he has signally failed to make of the University what was and is expected of it." You then add in your editorial: "Possibly the people expect too much, but they are at least entitled to better results than have so far been obtained."

I am a member of the Board of Control, and it may be doubted whether, under the circumstances, it is proper for me to have anything to say publicly in connection with this matter. I do not propose to discuss individuals and would not write this letter at all but for the fact that I fear injury might be done to the University by the expression in your editorial that the people are entitled to better results than have been obtained. It has seemed to me proper, therefore, to call to your attention some facts in connection with the University which, in my judgment, demonstrate that the University has been in no sense of the word a failure but that, on the contrary, it has been of incalculable benefit to the educational interests of this State. In a matter of as much importance as this, individuals count for nothing. As citizens, all of us ought to subscribe to the sentiment expressed by The Live Oak Democrat referred to in these words, "The interests of the University are, of course, paramount," and those of us who have the responsibility of selecting a president for the University for next year ought to apply that sentiment as the supreme test in making the selection. My opinion is you are correct in the statement that possibly the people expect too much.

The University is nearly four years old. Everybody knows that bitterness existed for a time because the old institutions were abolished. You know that all was not plain sailing when the location was changed. I doubt if but few people know the difficulties under which the institution was conducted for the first year. Necessarily, buildings had to be erected at the new location, and the funds at hand were insufficient to meet the necessary demands upon the Board of Control. We have never yet had available sufficient money to do the things needed at the University, but in spite of all this I make the following statements with perfect confidence that they cannot be successfully assailed.

The University compares favorably as an institution of higher learning with the other State Universities of the South; it provides twice as much work as was actually provided in any of the State institutions five years ago. The work being done at the Experiment Station is of more benefit to the people now than it has ever been and more interest is being taken by the farmers of the State than has ever been the case before.

The character of the work being done cannot be assailed. I know what you mean, Mr. Editor, when you say that the University has not achieved the success it should have; you refer to the small attendance. And I regret as much as anyone that the impression seems to prevail that numbers is the test of the success of an educational institution. And let me say here, not with the intention of criticising any institution, but by way of stating a stubborn fact, that the number of students enrolled at several of the colleges of the State is misleading. For example, if one of the institutions publishes in its catalogue that it has five hundred stu-

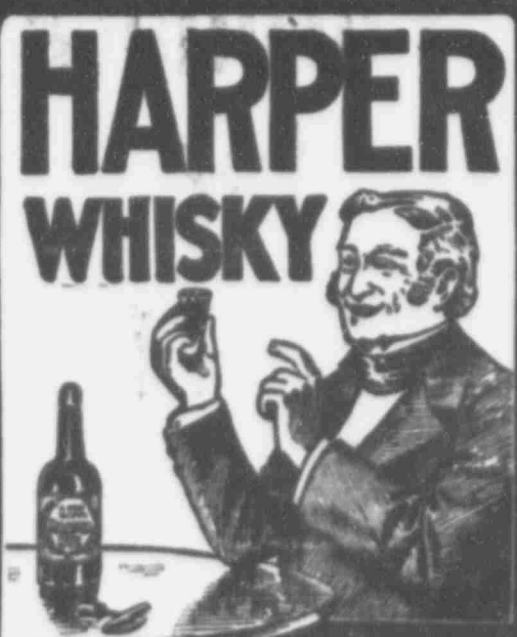

dents, whereas we can only claim in truth that there is one hundred at the University, the popular impression at once results that the University is not achieving that success which it, as the head of education in the State, ought to achieve. At the time the Buckman bill was passed, there were several institutions with enrollments larger than the present enrollment at the University, but an examination of the attendance at those institutions at the time they were abolished will show that the attendance of college grade students was exceedingly small and the attendance was made up largely of students who should be in the public schools of the State. And there can be no escape from the conclusion that it was the express intention of the Buckman bill that the State institutions of higher education should not come in competition with these public schools. During the years 1907 and 1908 there were enrolled at the University seventy-two college students and thirty-one Sub-Freshmen. The Sub-Freshmen class in the University corresponds to the eleventh grade in the high schools and was established because in many communities the high schools did not go beyond the tenth grade, and it did not seem to the board wise or just that the young men of these communities should be denied admission into the University when they had been advanced as far as their high school provided instruction for.

The college enrollment of seventy-two, considered absolutely, is a small number, but small as it is it is the largest number of young men college students of like grade ever enrolled in any institution in the State. It is more young men college students than are now enrolled in Stetson and Rollins, the two other leading institutions in the State, combined, and is as many as are enrolled in all the other institutions in the State. It is as many of like grade as were enrolled in all of the institutions abolished by the Buckman bill put together.

In order for the University to grow in attendance, more boys of the State ought to attend the high schools. It is a serious matter to contemplate that last year there were only ninety-one boys in the whole State of Florida in the twelfth grade of all the high schools in the State; yet this is a fact.

Those who expect an attendance at the University of several hundred should stop and consider the experience of other States before declaring that their university is a failure. It took the University of Alabama

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Three furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
One semi-weekly newspaper.
Five life insurance agencies.

First-class sewerage system.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.

Two wholesale grain and feed stores.

Two wholesale grocery establishments.

Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville.

A Government building soon to be erected to cost when completed \$150,000.

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

THE BUSH & SAFFORD PIANO CONTEST

In Which a Resident of Alachua County Will be Awarded a Beautiful Howard Piano, and 18 Certificates Valued at \$3,150.00 Furnished by The Bush & Safford Piano Co., Sole Representatives of The R. S. Howard Co. of Miami, The Contest to be Conducted by THE SUN in Behalf of Bush & Safford. : : : : :

\$3,550.00

One \$400.00 HOWARD Piano will be given to the person residing in the County of Alachua who receives the highest number of votes between December 15th, 1908, and 10 p. m. April 15th, 1909 : : : : :

Additional Gifts

In addition to the Piano there will be issued by The Bush & Safford Piano Co., on a new \$400 Howard Piano, eighteen Transferable Due Bills, same to be used as a first or initial payment on a new Howard Piano. These due bills will be given in this voting contest as follows, to persons residing in Alachua County:

To the first six receiving the next to the highest vote, a due bill for each for.....\$200.00

To the second six receiving the next highest vote, a due bill for each for.....\$175.00

To the next six receiving the next highest vote, a due bill for each for.....\$150.00

These due bills may be used by the winners or can be disposed of to anyone for any value they may see fit, and will be worth their face value upon the purchase of one of these new pianos.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

The Gainesville Hardware Co.
Phifer Bros.
Hyde & Tench.

Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attachee or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

LOSS OF LIME IN DRAINAGE WATERS

By A. W. BLAIR

Florida Agricultural Experiment Station

Lime in the soil is important for most crops, but it is slowly washed out by rain and carried off in the drainage. There are two causes, especially, which tend toward the loss of lime in drainage waters: bacterial action, and the continued use of sulphate of ammonia.

Loss Through Bacterial Action.

In a former bulletin it was pointed out that carbon dioxide is one of the end-products of the bacterial decomposition of the organic matter that is in the soil. Some of this carbon dioxide is taken up (dissolved) by water that is passing through the soil, and in this way comes in contact with the mineral matter of the soil. Water which is thus charged with carbon dioxide has a decided solvent effect upon the carbonate of lime (limestone) in the soil. This is well illustrated by the caves and sink holes that are so common in limestone regions. Here the water charged with carbon dioxide comes in contact with the limestone rock and dissolves great masses of it, with the result that underground cavities are left. If these chance to be near the surface and the earth falls in, we then have what are commonly called sink holes. If whole masses of limestone can be removed in this way, we can readily understand how this process will cause a heavy drain upon lands that are poorly supplied with carbonate of lime. Even soils that, to the unaided eye, appear to contain no carbonate of lime, do usually contain more or less of this material. Sometimes the quantity is so small, however, that it is designated as a "trace." Here, too, the water charged with carbon dioxide is slowly but constantly washing away the small amount that is present. The analysis of spring and well waters almost invariably shows the presence of some lime, which came originally from the soil or the rock. This process goes on day after day and year after year, with the result that the aggregate loss is enormous. Another end-product of the bacterial decomposition of the organic matter of the soil is nitric acid. This acid reacts with the bases in the soil to form nitrates. As lime usually occurs along with the other bases, nitrate of lime (calcium nitrate) will be formed. This is readily soluble in water, and can be taken up by plants; but owing to its ready solubility much of it leaches out with the drainage waters, and as a quantity of lime will be lost. These losses, however, are in a measure unavoidable, since, in order that plant food may be elaborated, the bacteria must carry on the work of breaking up the organic matter. Care in the management of the soil will to some extent reduce the losses, but some loss is inevitable.

Loss Due to Sulphate of Ammonia.

When sulphate of ammonia is used, a chemical change takes place between this and the carbonate of lime that is in the soil, which results in the formation of sulphate of lime (gypsum). This is more soluble than the carbonate, and hence more easily lost by leaching. It was shown, for example, at the Rothamsted Experiment Station, England, that when mineral manures (acid phosphate and potash) only were used, carbonate of lime was lost at the rate of 880 pounds per acre annually; when minerals and 20 pounds sulphate of ammonia were used, the loss was 1170 pounds; when 40 pounds ammonia salts only were used the loss was 1045 pounds; when farmyard manure only was used the loss was 590 pounds; when mineral manures and 412 pounds nitrate of soda were used the loss was only 565 pounds. It is thus seen that this loss may be prevented to a considerable extent by substituting barnyard manure or nitrate of soda for sulphate of ammonia.

Occasional Applications of Lime Required.

On account of the gradual removing of the lime from the surface layers of the soil in the manner mentioned above, there should be occasional applications of this material in some form, to replace that which is lost. For this purpose finely ground limestone may be used—a ton or more to the acre—at intervals of two or three years. If occasional liming is required in northern England where much of the soil has resulted from decomposed chalk, and where chalk often forms the subsoil, is it not much more needed here where we often find only traces of lime? Lime assists in the proper decay of the organic matter of the soil, in the formation of humus and in nitrogen fixation; and in order that these operations may not be hindered, the lime that is lost in drainage waters should be replaced.

The awake person reads the want ads. every day—and answers some almost as often.

DISCRIMINATING LADIES.

Only Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair-dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

Grote and His Wife.

The wife of the historian Grote must have been an extraordinary woman. She rode without a saddle, she was not afraid to put off in a boat without a man, and she was plucky enough to marry her lover without permission and return home without saying a word about it. Sydney Smith described this lady and her lord in his happy fashion, "I do like them both so much, for he is ladylike, and she is a perfect gentleman."

DR. KILMER'S
Swamp-Root
THE GREAT KIDNEY, LIVER & BLADDER REMEDY

THIS GREAT REMEDY IS RECOMMENDED FOR
Acute and Chronic Diseases of the Kidney, Liver, Bladder or Urinary Organs and Acute, Chronic Rheumatism, Uric acid, lumbago or gout.

PREVENTS
BRIGHT'S DISEASE
Dissolves and expels Gravel or Gall Stones. It heals and removes irritation, inflammation, Ulceration or Catarrh of the Bladder.

THE TEST THAT TELLS.

Dothan, Ala., Jan. 21, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: About one year ago two of my children suffered badly from weak kidneys and diabetes; their urine was very bad and they would have severe spells of dizziness, and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I noticed there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken a half dozen bottles and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to one having children who suffer as mine did.

R. W. LINSEBY,
City Clerk, Dothan, Ala.

A GEORGIA WOMAN.

Sparks, Ga., Jan. 11, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: Some time ago I was troubled with kidney trouble; had severe pains in back and hips. Was treated by a physician, but without any benefit. I noticed some Swamp-Root advertised and resolved to give it a trial. After taking four bottles I was completely cured. Have not suffered any pain at all since and can recommend Swamp-Root to anyone suffering from kidney trouble. Sincerely,
MRS. E. V. STEVENS.

BAPTIST MINISTER.

Brinson, Ga., Jan. 20, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: Some time ago I suffered severely with pain in my back and hips. My back pained me continually and I felt miserable. A friend recommended Swamp-Root. I obtained and took the contents of two bottles when I felt relief. My back has not troubled me since and I can thoroughly recommend Swamp-Root to anyone suffering from kidney troubles, as I find it afforded me great relief.

Yours very truly,
REV. E. T. DAWSON.

RESULTS AFTER USING.

Boston, Ga., Jan. 13, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: Some time ago I was troubled with kidney trouble. I thought for some time I was suffering with diabetes. I had severe pains in my back and hips. A friend recommended Swamp-Root and I decided to give it a trial. I obtained a bottle from a druggist and after taking a few doses, felt relieved. After taking several bottles the pain was entirely gone and I have not suffered the slightest since. I cannot be too enthusiastic in my praise of this wonderful medicine and it gives me great pleasure to give my testimonial in regard to its merits.

J. B. ROUNTREE.

Former Mayor and Member Legislature.

We have sold Mr. Rountree Swamp-Root and have also sold it in a number of cases for kidney trouble and always with perfect satisfaction.

J. C. ADAMS & SON.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble or are obliged to go often during the day and get up many times during the night, have smarting or irritation in passing or heart disturbance due to kidney trouble, Swamp-Root will be found just the remedy you need.

Don't Be Misled—For example, when you ask for Dr. Kilmer's Swamp-Root, the Great Kidney, Liver and Bladder Remedy, don't allow any druggist, drug clerk or store keeper to persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes more profit, but you are humbugged at the expense of your health.

NOTE—Every reader of The Sun who has not tried Swamp-Root, the great Kidney, Liver and Bladder Remedy, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive a sample bottle free by mail.

At all dealers' in 50c and \$1.00 sizes.

A Sworn Certificate of Purity With Every Bottle—See Inside Wrapper

Secure a tenant for that vacant room through a classified ad. in The Sun.

If its worth more to someone else than to you—no matter what it is—a want ad. will be a good investment.

The habit of answering ads. that appeal to you is one that will keep you interested in the life you are living, and prosperous.

If you have found anything see if it is advertised in the Want column.

DR. KILMER

Dr. Kilmer's likeness is on the inside wrapper of every bottle.

BENEFICIAL IN SEVERE CASES.

Edgefield, Tenn.

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: I hardly know how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back; also with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such shape that I was almost helpless. I had tried several doctors and medicines to no good effect, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from our merchant, Mr. W. J. Elizer. After taking the medicine I felt like a new man, and each day rode five miles to teach school. You are at liberty to use this letter, or refer anyone to me, as I will always be glad to tell them what a wonderful remedy this Swamp-Root is. Mr. James Ivens, of Saundersville, Tenn., is taking it with good results. Very truly yours,

D. A. MONTGOMERY,
Member Tennessee Legislature.
Rural Route No. 24, Edgefield, Tenn.

RESULTS IT HAS PROVED.

Dothan, Ala., Jan. 21, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: Have been suffering more or less from kidney trouble for the last five years and was induced to try your Swamp-Root. Am happy to say, or give you testimonial, that it has cured me. I as a traveling salesman for Messrs. Colgate & Co., New York, and am always traveling on the road. Drinking the different waters affected my kidneys.

Yours respectfully,
SAMUEL WOLF.

A PROMINENT MASON.

Jackson, Tenn.
According to my experience, I do not consider there is anything to equal Swamp-Root for kidney affection.

Twice it relieved me when I was completely helpless.

The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pains, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before from Swamp-Root.

After using four of the large-size bottles, I was completely restored and went on my way rejoicing and praising Swamp-Root. This was three years ago and I have had no indication of a return of the affliction.

J. C. SMITH, Jr.,
Thirty-third degree Mason.

FULLY SATISFIED.

Waycross, Ga., Jan. 5, 1909.
Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: During last October I suffered from my kidneys.

I consulted my physician, who prescribed for me, but his treatment did not benefit me. After reading some Swamp-Root literature, I decided to give it a trial. After taking a few doses, I felt somewhat relieved, and after two one-dollar bottles had been taken, I had no pain and was completely cured. I have not had the slightest pain in my back or hips since. From my own experience, I can cheerfully recommend Swamp-Root to anyone suffering from kidney trouble.

Yours very truly,

SIMON MARTIN.

Mr. Martin conducts a carting and transfer business.

Every mail brings unsolicited testimonials from people from all over the United States and foreign lands, expressing heartfelt gratitude for what Dr. Kilmer's Swamp-Root has done for them.

Do not let anyone sell you some other medicine to take the place of Swamp-Root—if you do you will be disappointed—insist on getting what you ask for—there is no other medicine as good as Dr. Kilmer's Swamp-Root.

Pay your city taxes. Books close April 1. The time is short. Delays prove dangerous. T. B. Ellis, Tax Collector.

J. E. Wells, the efficient bookkeeper for C. W. Bauknight of Archer, is in the city spending a few days with his family.

E. K. Anderson, H. Mc. Grady and A. E. Summers formed a trio of High Springs business men who visited the city yesterday.

Miss Julia Wainwright returned to Deland yesterday, where she will resume her duties as music teacher in Deland University.

T. B. Ellis, Jr., has gone to Monticello in the interest of the bankruptcy case of Herring & Co. He was accompanied by his father.

Miss Clem Hampton, chief clerk to Superintendent Holloway at Tallahassee, was among the visitors to Gainesville yesterday. This is her old home and she has a host of friends who are always pleased to meet her.

J. A. Maultsby of Campville is among the business visitors to Gainesville. He came over to look after his interests in the brick business, having a bid to furnish the material for the Government building.

HERE IS RELIEF FOR WOMEN.

If you have pains in the back, urinary, bladder or kidney trouble and want a certain, permanent relief from woman's ills, try Mother's "AUSTRALIAN-LEAF." It is a safe, reliable, and effective remedy for all female troubles, including inflammation and ulcers. Mother's Gray's Australian-Leaf is sold by druggists or sent by mail for 50 cts. Sample sent FREE. Address: The Mother's Gray Company, Le Roy, New York.

Five-room cottage to rent on block adjoining square, formerly occupied by W. L. LeGrande; city water, electric lights, sewerage, bath, and all modern conveniences. Apply to Mrs. H. H. McCreary or Sun office.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

It is hard to conceive of a play that contains so much comedy, such a clean, consistent plot and so many peculiar characters as "The Missouri Girl," which will be at the Baird Theatre tomorrow night.

The monthly Mothers' Meeting of the W. C. T. U. will be held at the home of Mrs. W. R. Thomas this afternoon at 3:30 o'clock. A cordial invitation is extended to all ladies who are interested.

Mrs. E. B. Whiddon of Pensacola returned to her home yesterday. She has been spending the past several days here as the guest of her daughter, Mrs. B. F. Hampton.

Mrs. J. M. Shelton of Lake City arrived in the city yesterday and will spend the next few days here visiting her mother, Mrs. A. H. Leonard, and other relatives.

J. L. Grimes of High Springs, one of the merchants of that place, was in the city yesterday. He was summoned here to attend this term of court as a witness.

Tommy Thompson, a former student in the University but now with an extensive lumber company at Fivay, spent Sunday with friends in Gainesville.

Plank's Chill Tonic is guaranteed to cure chills, fever, colds and lagrippe. Price 25c. Sold by W. M. Johnson.
